

It's me.

I'm playing Pathologic 2.

Can you guys play it?

Yep. So it's a horror RPG. And it's like open world kind of surviving.

So far it's kind of like a tricky survival horror.

So think like Resident Evil when you gotta like really get your resources in order.

And basically there's a town and I'm a surgeon.

And I came back to the town because my father gave me a letter.

Someone murdered me.

And there's this plague outbreak.

So in the end I'm trying to save everyone from the plague.

There's not a lot of food left.

There's not a lot of water left.

And I'm pretty trash at this game.

And it's been a while so I can't remember what I was doing.

It's a pretty interesting game though.

I die a lot.

I usually die because these areas like the gray areas have had the plague come and go and now it's abandoned and there's a whole bunch of looters.

So I die because I get into fights with looters. And yeah, I don't know what difficulty I'm playing it on but I don't think I should be struggling this much with this game, but I am. Oh, and now I remember I wanted to get to the theater. Because they do a weird performance every night.

To 4 a.m., I think I might be able to make it in time and show you guys what the weird performance is.

Oh yeah, main storyline. What is I have to test this cure I made on infected people.

I'm infected, maybe I can test it on myself.

Yeah, maybe I can.

Let's see.

My health went down completely, so that wasn't good.

But I did test it on someone.

Yeah, that hurt me.

Yeah, and every time you die you get like a little uh It affects your overall health.

I can't Decrease by this much permanently.

I hunger is decreased by this much. And I've died like five times so I Like to play this game the way I live my life, which is uh Practically with no sense of direction.

So I am in the plague area.

But I want to go to the theater so I'm just going to run straight through.

It's nice because you know you hear crying and screaming in the background and I should breathe.

I'm gonna get my knife up. Oh, I can't have my lamp and my knife. Sometimes people attack you.

I want to get to the theater and show you guys some twisted aspects.

If you look closely, there's rats.

No, wait.

Uh, yeah, there's rats.

Oh, mind-sensing is not...

Oh, Oh, I see.

But right now I'm hanging out in the plague for too much too long.

And it's not going to be good, bro.

Yeah, you're right.

Yeah, trading system, I usually have nothing.

45 I have no food. I'm very hungry.
46 Oh, post, but I... oh.
47 Nice.
48 Nice score.
49 Morphement toast.
50 That's what I call a good breakfast.
51 Oh god.
52 Oh god.
53 Eu, Eu, Eu. The plague was on me.
54 Touch me.
55 Touch me.
56 Oh god, this area is infected too?
57 Wait.
58 Okay, let me just get to that theater.
59 These aren't looking great.
60 What is this?
61 But it's a more psychological horror, I guess.
62 I don't have to grab anything to give you.
63 I don't have enough to feel the skies acting cold.
64 I'm just trying to go to the theater.
65 I know everyone's dying.
66 I know it's a plague.
67 I'm infected.
68 Oh!
69 Oh, oh, no, he's not.
70 Oh, man.
71 Worth it.
72 Okay, maybe I can give him one more seat right now.
73 Oh, oh god!
74 Oh, I'm sorry!
75 Oh, oh, I didn't mean to...
76 Oh no!
77 Oh, okay.
78 And now I'm hated here because I accidentally knifed the guy.
79 I swear I didn't need to knife him.
80 Things are so bad.
81 I'm like, I'm like, like five minutes in and...
82 Did I make it to the theater?
83 is that the sound of the plate coming for me?
84 Yeah, it's I don't like this. Hey, who's this who's this?
85 What's happening?
86 Paratrofing.
87 Just look at what went down.
88 Unbelievable.
89 The scale of your personality is staggering.
90 Oh!
91 Aren't you the rat that escaped from a theater?
92 Yes. Yes, yes, yes.

93 A child of cold theatrical rags.
94 An inhabitant of all music places with performer of a small but memorable role.
95 Infer below the ground.
96 Can't give you an autograph of short of hands.
97 Enough.
98 This humble sage has object's more remarkable than me.
99 Alright, what are these holes?
100 See this ulcer?
101 Must has to size in the world's body.
102 It grew because it kept dying from that gas.
103 adjust or make believe with the world prawns for meals.
104 I don't understand what you're saying.
105 Don't stare at tumor and obsess the boil.
106 How can they get more clear?
107 You call me a liar.
108 The actor is only concerned to the audience, their manifestation of their expectations, so it will suffer sooner or
later.
109 That's not fair.
110 It's really not fair.
111 More fair than you think.
112 No, man.
113 But stop fretting.
114 It's just a piece of wood or bone.
115 The plankard just stuck it in the ground.
116 That's all.
117 you find yourself in theater again and the stage is empty, know that it must be close.
118 Okay, for now enjoy your freedom and have fun swinging your arms.
119 Alright, see you around.
120 Yeah, that's a pile of bones.
121 What a nice rat though.
122 Oh, wasn't there another guy standing here?
123 Isidore tore this town to pieces.
124 A man who makes severe judgments.
125 A sore bone says a word.
126 Yes, sir.
127 If the bones grow wrong, he broke them.
128 Oh, how his son tries to sew it back together.
129 Maybe he'll succeed.
130 And with pretty stitches.
131 You're kidding.
132 People like him only care about themselves.
133 They can't connect things.
134 They certainly can't sew anything.
135 There he is.
136 Look.
137 He came to watch.
138 Watch you foam at the mouth.
139 That means he does care about something other than himself.

140 He will bind us.
141 Like hell, connections take more than cat-gut and steady hands.
142 All the while plague devious the town.
143 Who even cares about some pathetic burrache?
144 Living, breathing, boring burrache.
145 While a whole 400 other die this night.
146 That hurt me because I really am trying guys.
147 but eat some
148 Perfect solved it
149 Uh, what's everything all bread?
150 Oh, maybe if I use this.
151 Hey!
152 Great.
153 Well, that was a theater.
154 Normally it's not this crazy.
155 Let's see what I can do next.
156 Oh man.
157 I got to do some more autopsy.
158 It's only day five.
159 I have 12 days.
160 I'm at a law center.
161 I guess I can just go back to my little place.
162 I think I have organs waiting for me to do things with.
163 I'm just so sick of dying, man.
164 Or, you know what, I should take a nap.
165 I'm gonna take a nap.
166 So I'm gonna go to that Paul's place, take a nap on his couch.
167 Hopefully no one.. oh where'd my rat wrangle?
168 Attach them anyway.
169 A little stump.
170 ???
171 Let's get the heck out of here.
172 In the stream.
173 Eu gosto de montar isso aí hoje.
174 Oh man, I ain't doing well.
175 Oh God
176 I don't know what I tried my best.
177 Great.
178 Left.
179 And then left.
180 Yeah.
181 Yeah.
182 I got this.
183 I got this.
184 Oh, oh, why are you running towards me?
185 Oh, shit, shit!
186 Yes, yes, I died again sir
187 Act as a desperate, human creature, ready to trade off mother and father for another round of applause.

188 Please don't think that it's about capturing agony.
189 I'm not the kind to burn models alive in an attempt to write truthful suffering.
190 My interests lie elsewhere.
191 It's not about cruelty or the inevitability of the end.
192 The triumph of death.
193 All that is, only a reason and excuse.
194 I was dead down the line.
195 Yeah, who are you making me come back all the time?
196 We're meeting for the first time although you do have some features in common with your previous answer.
197 I guess every time I die I back as..
198 I don't know.
199 I don't know.
200 We hire actors, that's all.
201 When one dies I handle the replacement.
202 Okay.
203 I'm the same as before.
204 The different actors continue the same path each starting where the previous died.
205 Alright.
206 Here's my question.
207 When does the actor become the character?
208 When they get into character.
209 The actor goes out into the town searching for inspiration or role.
210 Walks down his paths.
211 That's what you're about to do.
212 Do this in the town, why not hear the theater where you can see?
213 Outside the walls of the theater, the triumph of death is real.
214 That is why you must act here, not there.
215 care about your emotions only you're understood The actor understands how to work with death so will others Don't
worry though in truth what you see out there is a stage too It's also a model the one in the background behind What
do you want man?
216 I'm so tired of dying and coming to see this guy What do I want a good play?
217 Who has ever staged this one before?
218 Let's break away from your limits.
219 I'm interested in that too, push the limits of the actor drama of Push the actor beyond the role play itself beyond the
story Right
220 So that's the sixth time I've died because I've been beaten up as I was in an area that they didn't like me so much.
221 Jry.
222 What is that?
223 My path was called the angel of death.
224 I'm not sure myself why I was in the caravan Forgive me, please.
225 I promise I'll be good
226 I expect jump scares in this game, but it doesn't happen.
227 All right, let's go back to life.
228 all the way back to where I started.
229 Er, right, 'cause I didn't sue recently.
230 Ah.
231 On the bright side, I'm so far back that I didn't knife that guy.
232 So, that is...

233 *Good.*
234 *So I will go to Fat Vlad's.*
235 *I didn't knife anyone.*
236 *I'm good.*
237 *All good.*
238 *Oh, I think I talked to this guy before about this.*
239 *Basically, my friend disappears and does weird things at night.*
240 *I don't know if I'll make it.*
241 *Hope you bud.*
242 *I'll just sleep on this guy's couch.*
243 *No problem, no problem, no problem.*
244 *So here's where a bunch of leaders made him out.*
245 *He'll miss them.*
246 *It's worth it.*
247 *I don't like the music.*
248 *I don't like the noises.*
249 *I don't like anything about this game.*
250 *because it's not like a fun kind of circle.*
251 *..*
252 *.*
253 *.*
254 *.*
255 *.*
256 *.*
257 *Okay, well, I will sleep on your ship.*
258 *I might die of hunger.*
259 *I'm gonna take a two hour nap and then I've really gotta go find some food.*
260 *Okay, I'm energized.*
261 *I'm starving to death.*
262 *I am the cure for this self!*
263 *Oh yeah, I forgot, um, I hear voices.*
264 *I'm gonna try to loot some places maybe with some stuff to...*
265 *Oh, it's...*
266 *Baaaahhhhhh...*
267 *I'm tired of dying.*
268 *I wonder if I could say Fo'! me here if that flabby thing happened.*
269 *Protect me!*
270 *But Vlad?*
271 *I'm gonna take another nap and maybe they'll be gone.*
272 *Just like my regular problems in life, sleep it off.*
273 *Okay, yeah, I'm gonna...*
274 *Alright, here's my game plan for day 5.*
275 *It's a long day.*
276 *Go to the hospital, cut up some organs.*
277 *That's all I got.*
278 *I don't know how people are infected.*
279 *My scalpel's almost broke.*
280 *All right.*

281 *All okay.*
282 *No one cares about me.*
283 *Okay.*
284 *I used to be respected in this area*
285 *С новыми баксами.*
286 *Крома, гниже.*
287 *Let's loot this building just a little bit.*
288 *So it might be important to have to do that.*
289 *Hey.*
290 *So far I've died seven times in total and I'm trying to loot so I don't starve to death.*
291 *I don't want to get into a fight because that's literally how I die.*
292 *Those.*
293 *I got some berries.*
294 *Shit.*
295 *Oh, I just said I don't want to die in eighth time, man.*
296 *I'm getting real sick of it.*
297 *Getting real sick.*
298 *Oh, no.*
299 *Nope.*
300 *I think that might have been the quickest death for me so far.*
301 *So far I've died seven times.*
302 *I'm going to write this down so I remember that I died seven times.*
303 *Now remember I don't I don't have paper.*
304 *I don't*
305 *So I've died seven times from looters.*
306 *I literally just talked to this guy not too long ago.*
307 *He's gonna be annoyed and sick.*
308 *We're all strong enough to support one another's misfortune.*
309 *Your burden is heavy.*
310 *Yeah, yeah, no kidding.*
311 *Got a plague to cure.*
312 *Imagine rolling a boulder uphill, muscles trembling.*
313 *What do you feel?*
314 *Yeah, tired.*
315 *Freakin' tired.*
316 *You're tired.*
317 *Each step drains your strength, drives you closer to death.*
318 *The path's narrow, shortened.*
319 *You won't be able to be in or as much for now on.*
320 *I think that means my exhaustion went down.*
321 *My exhaustion went down.*
322 *You'll become exhausted quicker.*
323 *You'll probably have to sleep more and sleep in the brother of death.*
324 *And it should.*
325 *Not your life maybe, but the number of times you can act and influence the world.*
326 *Okay, how could I forget?*
327 *He actually does, uh, at first glance it reminds me of the Doctor Who scarf.*
328 *Not as long though.*

329 And not the same colors.
330 But still a fun scarf!
331 Alright, tell yourself I'm exhausted.
332 I can't take it in.
333 Feels natural, doesn't it?
334 This admission could save your life.
335 Take pity on yourself and stop in time.
336 But basically he's telling me to like, sleep when I'm tired.
337 I agree.
338 You admit you're tired.
339 Is that a step towards death?
340 A surrender?
341 No, like you just told me...
342 Wait for thought.
343 You're right.
344 Totally right.
345 So I died seven times.
346 My path was called the angel of death.
347 I'm not sure myself why I was in caravan
348 This sucks.
349 Man, I should have bought that gun for it.
350 Okay, on the bright side, there is no bright side, really.
351 I'm just gonna get to the hospital.
352 I'm gonna stop trying to lost places, I'll get to the hospital, I'm gonna do my job.
353 I'm picking, I'm picking that way.
354 Yeah.
355 ?
356 I'm not looting anything.
357 I'm not attacking anyone.
358 Oh, I'm so tempted to loot.
359 But no, I should.
360 I did really have no one in my life, so...
361 Oh fuck!
362 Are you you literally have to be shit right?
363 Ahhhh!
364 at least maybe eight to 10, now that I think about it.
365 Minimum I've died eight times.
366 This is hell.
367 Oh, this is the guy on the train.
368 Since I started playing today, this is the third time I've died.
369 The third time today.
370 I've been streaming for like half an hour and I've died three times.
371 It takes two knife two knife-ings to take me down.
372 Oh man.
373 So it's going great.
374 It's going great so far.
375 I just want this at this point I just want this whole town to burn.
376 Like I don't I just want this whole town to burn.

377 *Good game though.*
378 *Uh, so this is the guy I met on the train.*
379 *He looks the same I think.*
380 *Right, yeah, what are you doing here?*
381 *The director went out to have a smoke.*
382 *Got exhausted watching you torture.*
383 *Gup, I've died I've died at least eight times.*
384 *I suspect I maybe died ten.*
385 *Well, how about I pay a visit?*
386 *Yeah, that's nice.*
387 *Yeah.*
388 *Yeah, I'm exhausted Listen fellow Trav I have a proposal and I'll be blunt Would you like to stop all this torture the punishment the hunger the pain?*
389 *The divine plagues of Egypt you endure for each new death I'll replace you.*
390 *I'm itching to act but become strong again no more hunger pangs.*
391 *Okay.*
392 *I think This is bad.*
393 *Oh you want my soul in exchange?*
394 *Now I'm a light technician here lighting the way so to speak Immortel will listen to me.*
395 *Don't you worry about that?*
396 *All you need to give is your consent no soul required Hum Yeah, what's the catch?*
397 *If we strike this deal, you'll be free to die as much as you can bear We can become death's next door neighbor so to speak when exchange you'll lose something something big and important I won't tell you what it is.*
398 *It might hurt incredibly or not at all*
399 *I'll be the only one to suffer, I asked him.*
400 *I am taking something from real you.*
401 *No huge loss though, maybe.*
402 *So he didn't really answer my question, so I think you'd be free to walk the town, take risk, and end the fight to be daring.*
403 *I think this deal is bad.*
404 *I know dying is terrible.*
405 *Especially, yeah, he has a creepy smile.*
406 *Really creepy smile.*
407 *Sounds good to take the deal, but I Feel like if I take the deal I'll maybe get the cure and help show up and be like this is the thing.*
408 *I'm taking from you.*
409 *It is So I'm gonna go no deal.*
410 *I'm still gonna rage because I die a lot But I feel like in the long run.*
411 *I Think his goal is to take the cure I'm gonna say no deal*
412 *Yeah, no deal.*
413 *Are you sure?*
414 *Only offer once.*
415 *Yeah, yeah, I'm sure.*
416 *At least I don't think I got a penalty this time.*
417 *Maybe not*
418 *My path was called the Angel of Death.*
419 *I'm not sure myself.*
420 *All right.*

421 And I'm back here again.
422 I just...
423 I need to get...
424 I'm a doctor, man.
425 I need to get to the freaking hospital.
426 Just need to get to the hospital.
427 Okay, I'm gonna take my chances.
428 Literally, I went through here and then I went to building salute.
429 That was my bad and I died.
430 And then I went through here.
431 I did go in building salute and then I died.
432 So I think if I maybe just run in a straight...
433 No, I can't run the straight line.
434 In a straight-ish line and get out of this gray area then...
435 You know I'm gonna sleep on it.
436 I'm gonna sleep on it.
437 I'm asleep for hours.
438 If this town dies, it dies at this point.
439 Oh, I'm also dying.
440 Let me just peek outside to what's up.
441 Sundering.
442 Clinghouse.
443 Welcome.
444 I'm hearing voices.
445 Okay, I can do this.
446 I'm gonna try to go this way.
447 It'll suck I'm going to a plague but I don't make people roll.
448 Is this the doom you foresee for this town?
449 Oh wait, it's heavy.
450 Okay, I got this I got this! Okay, you guys won't attack
451 Oh, the guy has a knife.
452 Hold on.
453 Okay, let's go this way.
454 Does he have a knife?
455 I don't I'm running.
456 I'm good.
457 Do everything's fine.
458 I just want to get to the hospital man.
459 I'm a doctor.
460 I gotta go do my shift.
461 I got like a 12 hour shift.
462 Yes, yes, get out of this.
463 Oh wait, and I still have the...
464 Oh, the plane's still here.
465 Oh no, dodge that.
466 I'm probably pulling like a double shift
467 my rat friend.
468 Oh, oh god, and there's someone in fire in the background.

469 *Alright, so this is the rat that I met before I died.*
470 *So I did have this conversation with him.*
471 *He's the rat who was skinned through the theater.*
472 *He's saying that my mistakes Yeah, yeah pretty much No. I wonder if that person have food on there*
473 *I feel really bad even if it works.*
474 *Oh, yeah, I still have theater.*
475 *I think I protected that.*
476 *Alright.*
477 *We need an isolation ward.*
478 *Oh, the cathedral.*
479 *No separate rooms don't even enter no heat no beds and it's spacious Yeah, yeah, let's oh I have a question for you was*
480 *my question*
481 *I wasn't okay.*
482 *I'm just gonna skip through this now because I literally was not paying attention to anything he said so*
483 *I stopped listening.*
484 *Okay, well, at least I can maybe autopsy.*
485 *Some of your blood I got.*
486 *I'll leave the brain for now.*
487 *I don't want to skip.*
488 *Oh my health is not good.*
489 *I'm a simple man.*
490 *Why talk?*
491 *Yeah, or a kid nonsense.*
492 *Maybe I should hang out with them and feel you're the plague You're like I think they're like a cult in the cemetery*
493 *Your father wasted too much effort on that rabble big words They distracted him from his work wanted him one.*
494 *It's him to live for them and for them tend to them Maybe I should turn to them.*
495 *I think they're on the outskirts of town You sound jealous. I don't know why but I hate this guy.*
496 *I honestly can't remember why*
497 *Wolves, wolves, each and every one of them, they surround you, smother you, they wait till your other breath, then they*
498 *press on and on and on.*
499 *Put him into an early grave, glass a kin and I'm soon to follow.*
500 *Maybe I gave them a reason.*
501 *Maybe it's habit for them by now.*
502 *Book.*
503 *Take your damn stangle and get lost.*
504 *They picked a curious time to study folklore.*
505 *Need work or what?*
506 *Let me know and I'll make you busy.*
507 *I'm working right now, man.*
508 *I'm busy.*
509 *I'm doing stuff.*
510 *Doing stuff.*
511 *Okay.*
512 *What can I do ease my pain?*
513 *I'm affected.*
514 *This is my health.*
515 *Eight.*
516 *No, I didn't like it.*

515 *Okay.*
516 *All right, all right looking good.*
517 *I'm the worst doctor because I'm not gonna save anyone here because I got nothing to save them with.*
518 *But I suppose I try*
519 *Oh, I guess the hospital.*
520 *No, I'm dying.*
521 *I got to get out of here.*
522 *Oh.*
523 *My scalpel is gonna break after this.*
524 *Who well I'm gonna go back home Or maybe*
525 *Oh, the guy with the boat isn't there anymore.*
526 *Don't think.*
527 *All right, here's my game plan.*
528 *It's only 11 a.m.*
529 *I'm going to get out of the plague.*
530 *Go through here.*
531 *Hopefully it's not plagued if it is.*
532 *Damn.*
533 *And then... ooh, maybe I can save here.*
534 *Go out this way Go through here talk to this guy go through this way*
535 *Oh, the boat guy's over here.*
536 *Yeah, he got to him.*
537 *Boy, I'm tired of this plague.*
538 *go this way hopefully I won't be getting out of there because I feel like death number nine or eleven will happen real*
soon my vision is getting a little
539 *This hustle man, you got this.*
540 *That's where if this guy knives me.*
541 *integrate*
542 *The plague isn't here in this area, which is great.*
543 *Superabler dragging a bull? But it why they do that man That's a good question everyone else mourns while they*
celebrate/Now that is a sight to behold
544 *Yeah, oh man it is actual, Maybe we'll stop Let's let's play fire startles*
545 *We play funny games.*
546 *Oh wait.*
547 *因为我自己有大*
548 *Right, I have fish though.*
549 *Yeah, it is the music's real madman.*
550 *Oh, toast!*
551 *Yes, I'll give you this, the toast.*
552 *Oh, I'll tell you that too.*
553 *Yes, I don't need it.*
554 *Delicious thank you.*
555 *I think I'm gonna drop dead soon.*
556 *I'm gonna go eat this.*
557 *I'm gonna eat this and then take this pill.*
558 *That guy's like, I'm gonna die again.*
559 *.*
560 *Can I drink blood?*

560 *Um, I think so.*
561 *This is a pain that's in me.*
562 *I'm not gonna drop dead yet.*
563 *Yet.*
564 *Hey, the music stopped.*
565 *I'm going to save it quickly before I die.*
566 *And you got something?*
567 *But I got nothing for you.*
568 *Or am I dying because I need to sleep?*
569 *Alright, I'm gonna go to the boat man.*
570 *I'm gonna try to get back home. See if I can drink water or something man.*
571 *Not looking good.*
572 *It's not looking good.*
573 *So the playthrough is not going well.*
574 *I've died three or four times today.*
575 *and I'm about to die again because my health bar is very low.*
576 *Don't know how to get up, need to get water.*
577 *Everything is just pain.*
578 *It checks out.*
579 *I'll go to the very end.*
580 *I'll go until I can't go no more.*
581 *See, even this guy gave up on me.*
582 *He's like yeah, you died way too many times. Way too many times.*
583 *Doesn't even want to mock me anymore, really.*
584 *My path was called the Angel of Death.*
585 *I'm not sure myself.*
586 *I think*
587 *I'm screwed.*
588 *Unfortunately, I'm just gonna keep dying pretty quickly at this point.*
589 *And if that's the case, I think that's it for me in this game.*
590 *I think...*
591 *I think I've lost.*
592 *Let's say Rano here, yeah.*
593 *I think I lost, guys.*
594 *As the health is going down and down and down.*
595 *何ですか？*
596 *Oh, that hurt my leg.*
597 *Good to know.*
598 *Okay, I think I'm gonna drop dead.*
599 *I think I've...*
600 *I think I've failed this game.*
601 *I think I'm gonna die on this boat ride.*
602 *Oh, nope.*
603 *I'm still alive.*
604 *Oh, God. Okay.*
605 *All right. All right, I can do this. Let me just die in the comfort of my home man.*
606 *Maybe I can get water or something before I drop dead.*
607 *Here he is back again.*
608 *How my health finally went back up.*

ing, my nervous feeling has been back up.

Mind you don't stop off the stage and break something.

All right, bud.

We're in mourning today but yet another one.

I'm glad you came in to replace them perhaps this time will make some progress I can guarantee you we lost

How can death be overcome?

In our play it's achieved by dividing a person.

What do you mean?

I feel like I'm being owned.

I mean that the path has clear direction like a bridge over the abyss.

The bridge is a line made of many segments.

They overlap, ensuring its continuity and growth.

Overlapping creates a scene.

A bridge, huh?

When you cease to consider yourself a person as a name, as a body, you elude its impact by measuring yourself not in names, but in its absolute vulnerability to death.

Maybe at one point, if I die for...

The first death?

No, this is...

Either the eighth or the eleventh death.

So...

Yeah, it's not been good.

Eight or eleven deaths in total.

The fourth death since I've started playing today.

Every every death you get a debuff so I've been I've been really getting lots of debuffs It's not great.

It's not great That's why my health bar was just like so low That I didn't think was a popping pills that I shouldn't have been

Duppy-duppy.

How's death defeated?

Not defeated, overcome.

Just tell just let me know how to stop dying man.

I just want to save the town.

Strange, our very perception of it.

See it not as universal law but as a solvable problem.

Some of this can be crossed by building bridges and so on.

So the bridge thing was their term.

People overcome death by pushing limits of self-understanding such as limits that make person perceive themselves as a body, that of a sum of knowledge connected through unique assistance, consider yourself being more than a kaleidoscope.

That life will become not compelling exactly, but more.

As long as you perceive yourself as a body, you will die over and over.

So maybe now I've become invincible?

You like the sand pest, you like the plague, you sick bastard.

That's not important.

What matters is that I overcome my finite nature by dividing myself and creating connections within that new creed.

You're connected by playing the same role.

I see, I understand.

And I try to stop dying.

652 *That's my new goal.*
 653 *Let's go in with a positive attitude.*
 654 *I'm maybe not going to die?*
 655 *Oh no, I'm going to die.*
 656 *I just saw my health bar.*
 657 *I believe I'm in officially an infinite loop of dying.*
 658 *Oh wait, my health is...*
 659 *It's on.*
 660 *There's something in here that you know help me I'm dying something something desperate I'm gonna lose this game*
man
 661 *Jumping made me die fast, so...*
 662 *So...*
 663 *I think this is the end for me actually in terms of this game.*
 664 *Yep*
 665 *Yeah, it shows like a full health guard, so I really thought that..*
 666 *Sam!*
 667 *All the worlds are stage and all the men and women merely Just end it.*
 668 *Just ended mark immortal's Just kill me man.*
 669 *I can't go on*
 670 *If I'm a surgeon, I'm really shit surgeon.*
 671 *Yeah, I Really do love his outfit.*
 672 *It's just unfortunate that you know I think I've died maybe over a dozen times now And I keep going back to the point*
where my health is so low that I instantly died so I'm gonna keep going until This guy runs out of things to say that's
what I'm gonna do Because I can't I can't I've nowhere to go I can't I'd have to I've lost the game guys everyone
But let's see what this guy has to say All right If you're a surgeon your sense of touch must be very keen What is this
item?
 673 *What is it about?*
 674 *What's its point?*
 675 *It's warm slippery quite heavy smells of dampness and blood.*
 676 *What is it?*
 677 *Yeah, liver You know things by touch so is it or not in You know things by touch you can feel their attribute here*
enough to not confuse a previous item If you do you'll spoil the end Trash such as Such as a surgeon who can't tell a
liver or heart from That trash such a person would turn our play into a public show for sick children What does that
mean?
 678 *What does that?*
 679 *mean*
 680 *Oh yeah.*
 681 *And I had a kidney in my image.*
 682 *I actually, I think I put my heart in like a dresser at home.*
 683 *And then gay, it's not like in real life I have a heart in my...*
 684 *Once existed living tissue now find Don't believe me though you think I'm just trying to scare We'll make believe*
and did that that more Of course, I don't believe you Well time to go die again
 685 *Lady my path was called the angel of death.*
 686 *I'm not sure Okay, okay*
 687 *Maybe all of a sudden something will turn around*
 688 *It ams my health.*
 689 *Thank you.*
 690 *U! I take this pill, it could work for me.*

691 *A potion with unknown properties?*
692 *Hey, let's drink up guys.*
693 *This will either kill me or...*
694 *...save me.*
695 *It's killing me.*
696 *Well...*
697 *I had a 5050 shot there.*
698 *I'm gonna step aside so death comes quicker to me.*
699 *I'm going to. I'm going to bleed out.*
700 *I'm going to choose these steps.*
701 *I'm going to die on these steps.*
702 *any moment now.*
703 *We've been out on these steps.*
704 *Yeah, just picture, just picture.*
705 *And just die.*
706 *It's raining on the sky.*
707 *Man, I'm taking long to die this time.*
708 *I did sell some stuff at the Broken Heart.*
709 *My issue now is my health is so low and I go back to my previous save.*
710 *So I can't really go anywhere.*
711 *I try to get as far as I can and then I just die.*
712 *And I think that's this I can't do any other saves.*
713 *That's just my save.*
714 *That's the game from now on. Which means and I did read about this how you can die so many times you get to a point where you just died*
715 *Oh you can reload and old save?*
716 *Okay, I might try that.*
717 *I am curious though to see like if this guy Says something interesting or gives me a break or just says the same stuff*
We're all strong enough to support one another's misfortune Oh the next thing I'm taking from you is hope simple as that All right cool.
718 *I Need to work you loose.*
719 *That's the whole point of the method Simon's victory over death had nothing to do with him living past 211 He overcame death by accepting it and then dying.*
720 *He didn't die though.*
721 *He dissolved into many living a Ritual cannibalism Come now don't take it so literally then again as long as you equate a person with a body cannibalism would remain your only way to overcome right That case suicide would have been the best way to defeat death But it's been scientifically proven that suicide is the shortest road to oblivion death must be overcome that rejected This is not the way if you think you can avoid burns by leaping into fire.*
722 *You're sillier than I thought okay That's true.*
723 *I suppose*
724 *I'm gonna actually keep dying for a little bit because I want to hear what this guy has to say and then I might try to load a previous save.*
725 *But I'm actually, I'm at a point now where I'm I'm really curious what he's got to say.*
726 *Come back with me guys.*
727 *I'll go upstairs.*
728 *Oh now.*
729 *Well, maybe I'll save game here so that I die a lot quicker.*
730 *I know this all sounds important, but*

730 I know this is not gonna end. Come, come, come...

731 I'm really curious to see if there's a point in this game where he just gives up on you.

732 One got a nod, one got a wink.

733 The third one gets a hint already.

734 All right.

735 Please don't! All right, all right.

736 Where are my...

737 Okay, actually I might not be that curious after all.

738 I might just see if I can get the other save.

739 This is like a little infinite hell loop.

740 Catch me!

741 down this time.

742 All the worlds are stage and all the men and women really play us.

743 Alright, I don't care what you say anymore.

744 I'm just gonna...

745 Why make it harder, man?

746 Nothing here is up to you! We go die.

747 I'm gonna die maybe one more time to see Yeah, I heard you did the offer Which I guess I should have taken but I
just assumed that he wouldn't take the cure And I wouldn't save anyone Nuts can be eaten, but shouldn't I've been eating
nuts this whole time

748 Yeah, okay, no, maybe I am curious.

749 I wanna, maybe I'll die like twice more just to see what the guy says.

750 Hello.

751 Hello.

752 Hello.

753 Yeah, it definitely has been mostly nuts.

754 'Cause they were the cheapest when I trade things.

755 That's rude.

756 I guess he's given up on me this time.

757 I wonder if there's a point that he just stops showing up.

758 Hey.

759 Yeah, I wouldn't be surprised if he gave up on me.

760 Where'd you go, buddy?

761 はい、ごめん

762 One more time!

763 On call!

764 This is beat up the process

765 You need an upper hand a foot in the door ahead.

766 Let's leave that one Yeah, it doesn't make sense each new death brings me closer to defeating it Does it?

767 Man, should I keep just continuously die?

768 I Feel like he's messing with me

769 What do you mean each new death?

770 We're not in a fairy tale.

771 People don't come back to life.

772 And what do you mean by defeating?

773 How has death overcome?

774 Not defeated, my nem, but overcome?

775 I don't know.

776 A soul.

777 Yeah, a soul.
778 Here's yours then.
779 Okay, to solve the unsolvable: redefine the conditions.
780 Why do you think there's only one body?
781 It's a man.
782 I'm tired.
783 And you suck.
784 But I'm gonna go die again out of curiosity.
785 I'm driving myself nuts, innit?
786 Now let me see if I can get out of here.
787 I'll die.
788 Long it'll take me to die this.
789 Oh, it's not...
790 Freedom!
791 Maybe death won't come for me this time.
792 Oh, here I can fucking trade for like a band-
793 What you gotta say, bud?
794 The town is undergoing a vicious transformation.
795 Its guts have been rearranged already, disgorging a plethora of neonates.
796 Oh, maybe if I run really fast I can make that guy.
797 Bye Band-Aid, baby.
798 Go, go.
799 Raid with me!
800 Ah, she's fighting.
801 Raid with me.
802 Ooh.
803 Oh man.
804 Maybe the other person.
805 Oh, Oh, that's the person.
806 Alright man, what are you gonna say?
807 Stand and be sorry.
808 We're all strong enough to support one another's misfortune.
809 Another applicant for the...
810 Dine me up.
811 Don't give me that smirk.
812 Fine, go ahead, prove it.
813 Finish the play without dying.
814 Become yourself.
815 Yep, yep.
816 We're all actors.
817 We're all actors.
818 I'm gonna go die.
819 I'm gonna go die.
820 I'm gonna go die.
821 Bye.
822 Maybe I'll try I'll try to trade again maybe the second trial test
823 Run!
824 You want some more pants?

824 you know who no cop can...
825 Pretty, pretty.
826 ...
827 Both cars go on lower and lower.
828 And he doesn't even want to talk to me anymore.
829 All the worlds are staged, and all the men and women merely play us.
830 Okay, man.
831 I think...
832 I think I will officially...
833 .
834 look at how I'm doing.
835 No, I think this is just going and going and going.
836 I think I've given up.
837 Okay, one more time and then I'll look at him.
838 I want to see what the guy has to say one more time.
839 Because I think I feel like I've died like 20 times now.
840 Whoops.
841 What?
842 we're doing great.
843 I give up.
844 So.
845 So what I'm going to do is I'm going to
846 Make a quick break.
847 I'm going to see if I can load an earlier save if not, I'm actually going to Maybe play a different game Maybe come
back to this later, I don't know.
848 I'm just gonna take a quick break and see What I will do from there Yeah, I'll see I'll see how my my game saves.
849 I go Oh My baby's finally asleep Um, yeah Cuz I also even if I can get a nice save from where I'm not dying every three
seconds I might just play another game But I'll be back in like five ish minutes. I think and you'll either see me
playing pathological with an earlier save or I might just pick another horror game to play for this Saturday night
So hopefully you guys stick around and I will be back
850 Alright.
851 Gotta change your stuff on the technical advisor while the is
852 Baby that doesn't want to sleep
853 Oh, yes.
854 I know, I know, I know.
855 I used to stream years ago
856 I was a noob, dead by daylight streamer.
857 Okay, well whatever.
858 And this is the game want to do once The baby upstairs calms down.
859 Let's see.
860 Did I update all her stuff properly?
861 Hi, yeah, I'm the I'm the techie.
862 Yes, ha I did everything great You guys can hear as far as I know Hey
863 But yes, I used to be hated by the light street.
864 Way back when the pandemic hit.
865 Oh, I introduced her to the world of night.
866 So she's just taking a few more minutes while her baby
867 Does not approve of fake bottles.
868 No Oh, it's been a bit of a struggle and Yeah, so game is all set everything's good.

869 I will Bring it back to B&B and see where she's at and then hopefully she gets some good scares because One day I'll
convince her to play out last.

870 Oh No, wait, he set up He set up and you twitch or is

871 Because we need to get her to play like those You know in 10's games one day, and I don't know why twitch on my phone
never works well Did you set up any like words As if not we should we should do a thing right?

872 Do a rewards thing? When like if you we donate enough points we can which game which game should we make her
play?

873 That's like those big or so should we make her play some resident evils?

874 Oh No, I keep thinking the cameras there, but the cameras there, okay What do we want to do we want to torture her
in outlast's resident evil?

875 Dark descent

876 What kind of big ones should we try to get her to play?

877 Any suggestions?

878 I'm trying to think of my horror.

879 I know she says cabin facerories potentially a game she will eventually play as well, which is a good one.

880 Yeah, Dark Descent is a good one.

881 It's a good one.

882 Yeah, well it's more psychological and it takes time and it builds up and it's the environment that's scary, I would
say, versus like Outlast, it's jump scary.

883 It's in-your-face kind of thing.

884 Soma, I don't know if you guys heard about that game from the creators of the Dark Descent.

885 Also Dark Descent is a community of those of you that care about that stuff.

886 I think Outlast as well.

887 Red Barrels Montreal have

888 Anyway, Soma is a good one also that I think she should probably delve into.

889 Yeah, it's a very good one.

890 The end of Soma is quite a thing, right?

891 Like that ending was mind-blowing to me.

892 So, yeah, so those, okay, I'll try to set up something that she doesn't know it's there and you guys can contribute
points.

893 And then when she hits it, she has no choice but to do it, right?

894 Like, right?

895 That's my thinking.

896 And she doesn't need to know about it.

897 Like it can be our secret, you guys, and my secret.

898 Yeah, that game is quite, yeah, I do love it very much.

899 And what else?

900 What else is there in the world of horror?

901 Horror, horror?

902 You would get really scared at those jump scares.

903 So, yeah, maybe psychological first would be better.

904 We just watched Jacks at the Chiropractic, Resident Evil 9.

905 The new Resident Evil Requiem, very good game.

906 Very good game.

907 Yeah, so I'll see what I can do behind the scenes, sneaky sneaks, so that she has no idea we're playing games on her.

908 And then I'll hopefully get our baby to stop crying for mommy all the time.

909 Because baby does not like to be with the spare.

910 On the real deal.

911 *Oh, yeah, no, okay, I'll try to see.*
912 *I'll try to sneaky sneaks.*
913 *I know how to do this stuff.*
914 *So, all right, I'll put you guys on PRR. And I'll see where she's at, and hopefully she'll be back in just a minute or two.*
915 *Okay, nice talking to you all.*
916 *Look for the point stuff by next stream.*
917 *I'll try to get it done.*
918 *So, get her into a big one.*
919 *Okay, I'm back*
920 *while I was taking care of our baby.*
921 *It's a...*
922 *Is it?*
923 *Okay, hold on.*
924 *Let me uh...*
925 *Let me actually do the settings in here, rather than the um...*
926 *Doo doo doo doo doo doo doo doo*
927 *Okay, here's what I'm gonna do.*
928 *Okay, did that make it better or am I louder than the music?*
929 *Okay, how's that?*
930 *Is this... can you hear me over the music?*
931 *A bit better?*
932 *Your job is to check the...*
933 *How's this for volume?*
934 *How's this in terms of volume?*
935 *Is it still can you still hear the game decently?*
936 *Just let me know throughout the game and I'll just adjust it as I go.*
937 *Thank you for the follow.*
938 *I'll adjust it as I go.*
939 *Nice.*
940 *Good, good, good, good.*
941 *I also don't want it too loud because I don't want to shit myself.*
942 *Um, yeah, I don't know if anyone's played this game.*
943 *I have not played this game.*
944 *Um, so...*
945 *Yeah, I'll see how basically how it goes.*
946 *I think I've seen someone play this game on like a little video on Instagram or somewhere.*
947 *Yeah, I set the way from pathology just for now.*
948 *I do I do really like that game.*
949 *I find it very interesting. It's just very unfortunate that I suck at it like so bad so bad. Now I know if I were to play it I might I'm gonna play it from an earlier save. But if I were to play it from the start, I'd stalk up on water and food like a lot of water food. Okay. Here we go, we're checking to make sure these dolls are safe.*
950 *I think is just a bit and let's dive in.*
951 *Okay adjust your brightness um you should just barely see the tall scattered around you anytime I play a horror game um I adjust the brightness like like that. But oh god, that's creepy.*
952 *I'll keep it, I'll keep it a little bit in the middle.*
953 *Normally, honestly, I would I would do this.*
954 *I would do this, but I'm feeling a brave, so I'm gonna do*

955 This.
956 To me, that's very dark. very dark.
957 Oh, nice, with vegetables.
958 I forgot that if you get asparagus, your pee smells real weird.
959 Yeah, I turned the brightness up like just a smidge.
960 So look at me guys.
961 So brave.
962 So brave.
963 I really hope I don't poop myself.
964 Yeah that makes sense for Pathologic.
965 I did really want to finish one playthrough even if I really fall apart and suck and everyone dies.
966 And then I did want to do another playthrough in the future.
967 And this time like really try.
968 I don't have a good attention span so I really have to lock in if I want to finish that game properly.
969 Okay, yep, let's uh, let's get it started.
970 Okay in this game every playthrough is slightly different Many events in the game are not scripted meaning that
what you encounter is unique only for you You'll not be chased by monster Nothing will scream or jump into your face,
but is still a horror game be prepared of being scared.
971 Are ready to start working?
972 Well, there's no other option so start work I'm scared already freaking scared already With the rent and bills
piling up.
973 I took a part-time job at an old toy factory People whisper about its shady reputation reputation But I don't care.
974 I just need the money today is my first day.
975 I never could imagine what's waiting for me inside

I this is my first time playing the game and I'd say good.

Yeah, pretty good. Pretty good game. Terrifying but good.

Yeah, I just I'll need to calm down before I go to bed.

That's for freaking sure. So I'm going to stream again on Tuesday.

I might continue with this one.

I might go back to pathology 2 I'm not too sure.

I might be really annoyed at that game and need a little bit more of a longer break because it's so friggin hard. But

yeah, until next time.

Thanks again for hanging out with me and have a very very good night a very good weekend. Peace
